

GENERAL PURCHASING TERMS AND CONDITIONS

1. SCOPE OF APPLICATION

- 1.1. Unless expressly agreed otherwise in writing, these General Purchasing Terms and Conditions (“**GPTC**”) shall apply to the purchase of any products, equipment, or raw material offered or provided by the Supplier (“**Goods**”) and/or any services performed by the Supplier (“**Services**”) to BMT Aerospace Romania, s.r.l., its affiliates and/or its subsidiaries (hereinafter referred to as “**BMTA**”). They are an integral part of any purchase order placed by BMTA with Supplier (hereinafter “**Purchase Order**”) (the Purchase Order and these GPC are referred to together as the “**Agreement**”) with the express exclusion of any and all of the Supplier’s terms and conditions contained in offers, order confirmations or any other document issued by Supplier.
- 1.2. In case of conflicting provisions, the following order of precedence shall apply: 1. Purchase Order or Master Supply Agreement (MSA) that these GPTC’s are attached; 2. Most current version of the Specifications; 3. These General Purchasing Terms and Conditions; and 4. The Scope of Work. These terms and conditions constitute the entire agreement between parties and no change to or modification of this Purchase Order shall be binding upon BMTA unless signed in writing by a BMTA authorized representative.
- 1.3. BMTA expressly rejects any additional or inconsistent terms and conditions offered by Supplier at any time, whether or not such terms or conditions materially alter the Purchase Order and irrespective of BMTA’s acceptance of or payment for the Goods and/or Services. BMTA HEREBY NOTIFIES THAT THE TERMS AND CONDITIONS SET FORTH IN THE MSA or THESE GPTC’s ARE THE ONLY TERMS AND CONDITIONS UNDER WHICH BMTA AGREES TO BE BOUND.

2. ORDER AND ACCEPTANCE; CHANGES; MODIFICATIONS

- 2.1. Purchase Orders for the manufacturing and/or delivery if the Goods or Services can be issued to the Supplier on paper, by electronic mail or by any other means of electronically exchanging information.
- 2.2. A Purchase Order will be considered as accepted by the Supplier either expressly by giving notice of acceptance or implicitly by fulfilling the Purchase Order, in whole or in part, and will be deemed accepted within 14 days of receipt. BMTA reserves the right to revoke a Purchase Order prior to acceptance by Supplier without further consequence. Supplier’s acceptance of this Purchase Order also constitutes acceptance of all specifications, drawings or other descriptions of the work provided by BMTA (“**Contract Documents**”).
- 2.3. A “**Forecast**” is a delivery and quantity schedule of BMTA’s needs and is intended as a notification to the Supplier of the volume and delivery time of the Goods and/or Services BMTA expects to order in the indicated period. BMTA may from time to time provide Supplier with Forecasts, which are not Purchase Orders, and are non-binding on BMTA and merely indicative of its future volume requirements for the Goods and/or Services.
- 2.4. BMTA may request the Supplier to perform a change (“**Change**”) to the materials, drawings, specifications of the Goods, time and place of delivery, and/or the nature and scope of the Services. If any such Change causes an increase or decrease in price/cost or effects the nominated Delivery Date for the Goods and/or Services, Supplier shall inform BMTA within Ten (10) business days, and the Supplier and BMTA will agree upon an equitable adjustment in the price/cost and/or delivery schedule, and will be conditional upon the receipt, and limited to the amount of equitable adjustment received by BMTA from BMTA’s customer.
- 2.5. No modifications. Supplier may not make any modifications to the prices or any other detail of BMTA’s Purchase Order, specifications, drawings, etc. or other documents are permitted without the prior approval of BMTA’s authorized representative in writing.
- 2.6. Supplier may not suspend performance of the Purchase Order while BMTA and Supplier are in the process of making changes; any related adjustments, or negotiating any equitable adjustment, and, upon direction in writing by BMTA, Supplier will comply with and perform such changes in accordance with the terms of the Purchase Order during such time.

3. PRICE AND PAYMENT

- 3.1. The price and/or rates for the Goods and Services is exclusive of VAT but inclusive of all other taxes, duties and any other costs and expenses in accordance with the agreed INCOTERM. Prices are fixed, not subject to adjustments, and in currency as defined by the Purchaser in the Purchase Order. Prices include all work, services and supplies.
- 3.2. Supplier shall issue monthly invoices for Goods delivered and Services performed in that particular month. These invoices be payable on sixty (60) days end of month of (i) the receipt of the relevant invoice by BMTA, or (ii) the receipt of the Goods or Services by BMTA, whichever occurs last. Payment can only take place after the Goods or Services have been definitively approved and accepted and after the receipt of a valid and correct invoice from the Supplier.
- 3.3. Payment of any invoice by BMTA to the Supplier for Goods delivered will not constitute a waiver of any claims or rights which BMTA may have against the Supplier and will not, by itself, constitute acceptance by BMTA of the performance by the Supplier of its obligations hereunder.
- 3.4. BMTA reserves the right to set off any amounts owed to Supplier against any claims asserted by BMTA against Supplier, or withhold payment for Goods and/or Services not provided in accordance with the Purchase Order and/or the Agreement.

4. DELIVERY AND INSTALLATION

- 4.1. Supplier will comply with BMTA's "ship to" and "bill to" instructions as shown in this Purchase Order. Supplier will route its shipments in accordance with the delivery terms set forth on the face of the Purchase Order. Unless otherwise agreed, the Supplier will deliver the Goods ("**Delivery**") to the delivery point specified in the Purchase Order ("**Delivery Point**") - or BMTA's place of business if no other point of delivery has been specified in the Purchase Order, in accordance with the Incoterm "DDP Place of Destination" (ICC Incoterms 2020), or, if applicable, upon successful installation of the Goods ("**Installation**"). In case Installation or Services is provided through Suppliers personnel, Supplier will only use such personnel that presents the appropriate skills and quality to perform the Installation or Services.
- 4.2. Supplier shall ensure that each Delivery is accompanied with the required export / import / customs documents and a delivery note, which shall contain the following minimum information (unless required otherwise by BMTA): the Purchase Order number, date of Purchase Order, BMTA part number, number of packages and contents and, in the case of partial delivery, the outstanding balance remaining to be delivered.
- 4.3. Notwithstanding the agreed INCOTERM, Supplier shall ensure that: (i) the Goods are contained or packaged in a manner adequate to preserve and protect the Goods during normal air and motor freight transportation to the point of Delivery; (ii) in strict conformity with BMTA's packaging requirements, and (iii) in full compliance with the legal and regulatory requirements of the place of destination. Supplier will reimburse BMTA for and/or replace any damaged Goods (or parts) if Supplier's packaging fails to protect the Goods.
- 4.4. If Goods are delivered in excess of the quantities ordered, BMTA shall not be bound to pay for the excess and any excess will be and will remain at the Supplier's risk. At BMTA's option, BMTA shall be entitled either to return the same to the Supplier at the Supplier's risk and expense or require the Supplier to collect the same from BMTA's plant at the Supplier's expense.
- 4.5. Supplier understands that BMTA establishes its delivery schedules based on its customer's manufacturing schedules, and will rely on Supplier's timely performance of each Purchase Order and that time of performance is a material element of the Purchase Order and is essential to fulfilment of the obligations under the Purchase Order. Delivery of the Goods or performance of the Services shall occur on the delivery date ("**Delivery Date**") as agreed upon or as stated on the Purchase Order. Supplier shall immediately notify BMTA of any circumstances that could result in a delay of deliveries and will take all appropriate measures in order meet the agreed Delivery Date. If Supplier's acts or omissions result in or are likely to result in Supplier's failure to meet BMTA delivery requirements and BMTA requires a more expeditious method of transportation for the Goods, Supplier will be solely responsible for all costs and expense associated with such expedited shipments.

- 4.6. Supplier understands that BMTA has delivery requirements in its contracts, and in turn, relies on Supplier's timely performance of this Purchase Order and that time is of the essence in Supplier's performance. If Supplier fails to deliver the Goods or perform the Services on the required Delivery Date(s) then, without prejudice to any other rights which BMTA may have under this Agreement, any Purchase Order, at law or in equity, and without any further notice being required from BMTA, BMTA shall be entitled to liquidated damages ("**Liquidated Damages**") in an amount of 1% of the amount of delayed Goods or Services per started week of delay up to a maximum of 10% of the relevant Purchase Order. Parties hereby explicitly agree that said Liquidated Damages can be offset from any invoiced amount.

5. RISK AND TITLE

- 5.1. Title to the Goods shall pass to BMTA upon Delivery in accordance with clause 4.1. Risk of loss or damage to the Goods shall pass to BMTA as per the applicable Incoterm. Passing of title or risk does not constitute acceptance of the Goods or Services by BMTA.
- 5.2. If BMTA makes progress payments to Supplier under the Purchase Order, title to the Goods ordered hereunder shall pass to BMTA at the time that Supplier identifies the Goods to the Purchase Order. Supplier shall clearly identify the Goods as property of BMTA by visible marking or tagging, and BMTA shall have the right, at BMTA's option, to inspect and verify that said Goods have been identified as BMTA's property. Care, custody, and control of such Goods remains with Supplier until such time as BMTA takes actual physical possession of the Goods.

6. INSPECTION AND ACCEPTANCE

- 6.1. Within a reasonable time after Delivery, BMTA will perform an incoming inspection ("**Inspection**") on conformity with the (i) Purchase Order (ii) latest issue of the Specifications, drawings, (iii) applicable quality requirements and (iv) any other acceptance criterion that can reasonably be expected upon Delivery as specified in the MSA or Purchase Order (the "**Acceptance Criteria**"), and only a positive result of such inspection shall be considered an acceptance of Goods and/or Services by BMTA. On the subject of measurements, quantities and weights, the findings of the examination of BMTA are decisive.
- 6.2. Notwithstanding any inspection or test sampling by BMTA, Supplier shall remain fully responsible for the Goods' compliance with the Purchase Order and/or Agreement. For the avoidance of doubt, inspection or testing of Goods by BMTA shall in no event release Supplier from or limit Supplier's warranties or liabilities in any way.
- 6.3. If any Goods delivered to BMTA do not meet the Acceptance Criteria or are otherwise not in conformity with the Purchase Order, then, BMTA will notify Supplier in writing within fifteen (15) business days of actual inspection of the Goods if any Goods are being rejected by BMTA for non-conformity with the Product Specifications or non-compliance with Applicable Law, and BMTA will provide the Supplier with the details of the relevant defects ("**Rejection Notice**"). If Goods are rejected for damage in transit, BMTA will be responsible for notifying the carrier of any damage, but Supplier will be responsible for making a claim against the carrier.
- 6.4. Without limiting any other right or remedy that BMTA may have under this Agreement, at law or in equity, BMTA may at its discretion, either (i) request replacement of the rejected Goods within a period to be determined by BMTA, whereby the rejected Goods will be returned to the Supplier at the expense and risk of the Supplier; (ii) have the delivered Goods repaired or the Services re-performed without cost to BMTA; or (iii) request compensation for the reasonable costs of repair or replacement of the rejected Goods and/or re-performance of Services by third parties engaged by BMTA.
- 6.5. Any Rejected good will be replaced/repared immediately without causing any delay for subsequent deliveries, if any, and are at the full expense and risk of the Supplier.
- 6.6. Acceptance of Goods or Services is limited to acceptance of quantities and apparent visible defects, and does not constitute any acceptance of hidden defects, and BMTA can demand equitable relief of such hidden defect until a reasonable time after such defect has become apparent to BMTA.

- 6.7. If Delivery of the Goods has occurred in batches, and Inspection is done through sampling testing, BMTA reserves the right to reject and return a full shipment.
- 6.8. In case of nonconformity, be it visible or latent, BMTA reserves the right to claim a penalty charge of 2500 USD per nonconformity detected, as an administrative charge to cover BMTA's initial costs and expenses. Parties agree that these charges are not a penalty and do not compensate BMTA for other damages BMTA may sustain as a result of such nonconformity. They are not a sole and exclusive remedy for Suppliers failure to meet quality or acceptance criteria.

7. TESTS AND AUDIT

- 7.1. BMTA and its authorized representatives, including BMTA's Customers, shall have the right, but not the obligation, to: (i) review any designs, drawings or specifications prepared by Supplier under this Purchase Order; (ii) to carry out all relevant tests, inspections and verifications it deems necessary in the workshops or stores of the Supplier and/or its contractors during production and/or before, during, or after Delivery; and/or (iii) demand test samples of the respective Goods, or any parts or materials thereof. Unless stated otherwise, the verification, run at rate and inspections are executed in the workshop of the Supplier during normal working hours. If the technical requirements of the tests are not specified in the Agreement, the tests will be carried out in accordance with the general use in the relevant branch of industry of the country where the Goods shall be delivered.
- 7.2. BMTA's making of or failure to make an inspection, examination or test of, or payment for, or BMTA's acceptance of Goods, shall in no way relieve Supplier from its obligation to conform to all of the requirements of the Purchase Order and shall in no way impair BMTA's right to reject or revoke acceptance of nonconforming Goods, or to avail itself of any other remedies to which BMTA may be entitled, notwithstanding BMTA's knowledge of the nonconformity, its substantiality or the ease of its discovery.
- 7.3. If it is found during a test that the Goods or Services are defective or not in conformity with the Agreement, the Supplier shall remedy the defects at its sole cost and expense, as soon as possible to see to it that the goods meet the requirements of the Agreement and a new test shall be carried out.
- 7.4. Nothing contained herein shall relieve Supplier from its obligation to perform full and adequate testing and inspection of the Goods.

Conflicting weights, dimensions, capacities, or specifications as mentioned in catalogues, prospectuses, circulars, illustrations or other Supplier documentation, will be regarded as approximations only.
- 8.2. Any drawings or Specifications provided by BMTA to the Supplier, before or after the parties enter into the Agreement or the Purchase Order, for Supplier's use in the manufacture, supply or assembly of the Goods or any part thereof and/or to perform the Services, shall remain the sole property of BMTA or BMTA' customer. The Supplier may not use for purposes other than supplying the Goods to BMTA or performing the Services, copy, transfer or otherwise disclose the drawings or Specifications to third parties, without BMTA's prior written consent. In accordance with Clause 14 below, the Supplier shall maintain the confidentiality of all Confidential Information furnished to it by BMTA.
- 8.3. By confirmation of the Purchase Order, the Supplier acknowledges its receipt, review and acceptance of the complete Specifications furnished by BMTA in connection with the Purchase Order, and that it is fully aware of all details and intended use of the Goods by BMTA or its customer. The Supplier is responsible to duly verify the Specifications and indicate any flaws therein to BMTA. Delivery by BMTA of the Specifications will not release the Supplier from its liability for the Goods and from its duty to duly identify and inform BMTA of possible flaws in the technical specifications in writing.

- 8.4. Supplier shall not substitute or modify any of the materials in the Goods or make any changes to the design of or specifications for the Goods without BMTA's prior written approval.

Any information directly, or indirectly derived from BMTA supplied Specifications, shall become the full and unrestricted property of BMTA. 8.6. At expiry or termination of the Agreement, BMTA will have the right to present the designs and other documents of the Supplier to the new supplier in order to enable the latter to make the Goods.
- 8.7. If, for the fulfilment of the Purchase Order, models, dies, fixtures, tools and/or other equipment ("**Tooling**") are made available by BMTA or are made or purchased by the Supplier entirely or mainly at BMTA's expense, all such Tooling shall remain, or as the case may be, become the property of BMTA. The Supplier undertakes to keep such Tooling and the drawings related thereto for the benefit of BMTA at Supplier's own expense and risk. The Supplier shall ensure that all Tooling is maintained, repaired and replaced, at its own expense and risk. Supplier shall insure all Tooling, at its own expense, against loss, theft, natural disaster, damage and casualty.

9. SERVICE PARTS

The Supplier shall be responsible for subsequent delivery of Goods to BMTA after delivery of the initial Purchase Order, and the service parts needed to fulfil subsequent Purchase Orders, for at least 15 years after the last serial delivery of a Good to BMTA for serial production, or such time as specified in the MSA or Purchase Order. The last price valid for the (serial) production shall apply to the service parts for a period of three years after the end of (serial) delivery, after which period the price shall be reasonably renegotiated on the basis of a cost analysis. If this is no longer possible on account of winding-up, bankruptcy or a similar event, or due to a Force Majeure event, the Supplier shall be obliged to immediately deliver to BMTA at no cost, all drawings, tools, equipment, etc., that it has used for the fulfilment of its contractual obligations, and to do so as soon as practically possible.

If Supplier fails to comply with these requirements within seven (7) days of receipt of such Purchase Order, BMTA shall have the option, but not the obligation, to take over the work and employ any other person, firm, or entity to finish the work, or otherwise finish the work by whatever method BMTA may deem expedient. In this event, Supplier shall receive no further payment until the work is wholly completed. BMTA shall deduct any expenses, including reasonable attorney fees and costs, incurred in the completion or correction of the work from any remaining payments to Supplier under the Purchase Order. If BMTA expenses are less than the remaining payments to be made to Supplier, BMTA shall pay Supplier the balance. If BMTA expenses are more than the remaining payments to be made to Supplier, Supplier shall pay the difference to BMTA upon demand.

Each policy of insurance shall name BMTA and BMTA Customer(s), where appropriate, as additional insureds and shall provide for thirty (30) days' notice of cancellation to BMTA. Certificates evidencing such insurance shall be delivered to BMTA as a condition of commencing work on any Purchase Order and on a yearly basis thereafter.

- 15.2. - 16.1. **Stop Work:** At any time by Notice, with or without cause, and at no cost, BMTA may require Supplier to stop all or any part of the work under a Purchase Order for up to hundred and eighty (180) days ("Stop Work Order"), and for any further period as mutually agreed. Immediately upon receipt of a Stop Work Order, Supplier will comply with its terms. At any time BMTA may, in whole or in part, either cancel the Stop Work Order or terminate the work under the Termination for Convenience article (subsection 16.2 below). To the extent the Stop Work Order is cancelled or expires, Supplier must resume work within ten (10) days after receipt cancellation or expiry of such Stop Work Order. Upon termination pursuant to this Article 16.2, Supplier shall be entitled to make a claim for the following amounts: (i) the contract price for all Goods/Services that have been completed in accordance with the Purchase Order and not previously paid for; and (ii) the actual costs of work-in-process and raw materials purchased in accordance with BMTA's fixed window and in relation to the Purchase Order; to the extent such costs are reasonable and properly allocable or apportionable to the terminated portion of the Purchase Order, and provided that Goods, or raw material is no longer marketable by Supplier or can be returned to its suppliers. Any request for payment submitted by Supplier must be submitted within thirty (30) days of notice of such termination for Convenience, and must include sufficient supporting data, including without limitation such supplemental information as BMTA may reasonably request. Failure to submit claim for terminations beyond this period will be deemed as waiver of claims. Without limitation of the foregoing, BMTA has no liability to Supplier for lost profits, unabsorbed overhead, capital investments, interest expense, facilities and equipment rearrangement costs, product development and engineering costs, unamortized depreciation costs, penalties or general administrative charges.
- 16.3. **Termination for Cause:** Without affecting any other right or remedy available to it, BMTA shall have the right to terminate the Agreement and/or any Purchase Order at any time by giving the Supplier notice to that effect, effective on the date specified in the notice, in case of: (i) a material breach by the Supplier of its obligations under a Purchase Order and/or this Agreement; and Supplier's failures to take effective remedial action within one (1) month as from receipt of notice specifying the breach and requiring its
